Experience

Tricon Professional Limited | B2B Customer Support

July 2020 - March 2021

- Guidance: Educate clients on the proper use of products or services to minimize future technical issues.
- Training: Provide training materials or resources to enhance clients' understanding of the technology

Upride | Internship

12-October-2023 - Current

- My role as a Frontend and Content Developer involves enhancing the user interface by making improvements to the existing design and creating new components. Additionally, I utilize Canva to design creatives and produce SEO-based blogs for the company.
